Issuing Authority: None indicated

No Pages: 19

Language: Chinese

Area of Coverage: China

Subjects Covered: Maintenance of production equipment; fixed responsibility system

Review: A short educational pamphlet written for workers to encourage them to be responsible for the maintenance of their tools and machines and for faithfully performing their jobs. Stresses the necessity for each worker to know what his job responsibility is, and criticizes workers for shifting their responsibility for shortcomings in production, accidents, etc.
